MIDNIGHT DISPATCHES.

BY THE WESTERN UNION LINE.

VERY LATEST NEWS.

General News

NEW YORK, June 4

It is stated that the steamer Hero, which sailed yesterday for St. Thomas, had a full cargo of provisions and ammunition for the Cuban insurgents. An expedition of 250 men is announced to sail from here next Monday, for Cuba.

Mr. Fish has decided to close the Grand Opera House, in this city, which he purchased of Mr. Pike. Mr. Fish states his losses have been so heavy in his theatrical adventures elsewhere, that in spite of the fact that the Opera House is filled every night, he is compelled to close it, and Saturday night will witness the last performance therein.

It is stated the Spanish Minister in Washington has become uneasy about the slow progress of the Peruvian monitors toward home, especially since he has learned that Peru has recognized the belligerents in Cuba, and that a Cuban envoy has arrived in Lima to ask the loan of the monitors. He has called Secretary Fish's attention to the matter, and said he thought the monitors were lying among the West Indie Islands longer than necessary. The Peruvian Minister informed Secretary Fish, in answer to these complaints, that the monitors would remain in the West Indies till late in the summer, as warmer weather was the most favorable weather for their passage through the Straits of Magellan. This explanation was given by Mr. Fish to the Spanish Minister, with the information that Peru had given bonds not to use the monitors to aid the Cubans, which appeared to mollify his uneasiness.

It is stated the subject of the recent outrages on Smoky Hill, Saline and Republican rivers, and the line of the Kansas Pacific Railroad, has been very earnestly considered by the President, Secretary of War, General Sherman and the Commissioner of Indian Affairs, and western Congressmen have urged immediate action for the protection of frontiers from hordes of Chevenne and Sioux. Senator Ross called upon the President and recommended the propriety of stationing military garrison along the border at proper points, and of furnishing additional troops for that purpose. The President stated he was fully determined to take steps for the suppression of future depredations, and would follow his recommendation. He also said the necessary orders would be dispatched to Gen. Schofield at once. All bands of the tribes of various villages in the vicinity of the late outrages will be treated with the utmost severity, and a Presidential proclamation to that effect will soon be promulgated.

The steamship Morro Castle, from Havana, reports being fired at by a Spanish fort on her outward passage. No damage.

A dispatch from Charleston, S. C., June 4, says Capt. Doppy arrived here on Friday night with C. W. A. Delfield and Bazan, family of five, named Trucioso and Hernandez, from the Main. This steamer struck on a reef off Key Sal, and broke in pieces. Her passengers and crew were saved by the steamers Guyandotte and Union, which were engaged in endeavoring to save some of the cargo with the other passengers on board.

Sportsmen's Convention

SYRACUSE, June 4.

The Sportsmen's Convention commenced better to-day than on the preceding days. The weather was fine, and the attendance was quite large. J. W. Leighton, of Utica, presided. M. Meagher of Utica read a paper on game birds. Mr. Langdon, of Watertown, read a paper on the propagation of game birds and the protection of game birds. Mr. Langdon and others participated in the discussion. The State Game Law was discussed, and the question of its repeal was discussed. The State Game Law was finally repealed by a vote of the Convention. The Convention will be concluded on Friday. In the afternoon the members will go to Bogardus and Hand for five hundred pigeons set aside, at fifty double birds, will take place.

Universalist State Convention

BEATTY, June 4.

The 28th Annual State Convention of the Universalist denomination commenced here yesterday evening. Seventy clergymen and twenty laymen were in attendance, and twenty-four societies represented. Rev. Mr. Paul, of Philadelphia, was re-elected President of the Convention. The main business was to a certain extent of organization, and steps were taken for the appointment of a Financial Secretary to raise a general fund, and a discussion over the offices of all churches connected with the Convention. Rev. Dr. Brooks, Hon. Henry Moore, and Hon. Briner were elected delegates to the United States Convention, which is held in Philadelphia the third Wednesday in September.

Religious

PHILADELPHIA, June 4.

The methodists of the General Synod of the Reformed Church of America are now holding their first annual meeting at the place appointed. The report of the Board of Directors accompanied by the following documents were read and referred to the Committee of Professors. The Board proposes that the following bequests were received from the executor of Mrs. Fanny Fowler $1,000, from the executor of Rachel Berry $1,000, from the executor of Mrs. Martha Bell $2,000, from the executors of Mrs. Mountfortage, $1,000, from the executors of Lucinda Novable $1,000. The Board received from Stephen Phillips, Esq., a donation of $1,000.

Apology Demanded.

LONDON, June 4.

Advices from Hong Kong of the 11th of May say the French had notified the Chinese government that thirty days would be allowed for an apology for the insult to Count de Rochechouart.

Steamship Overdue

LIVERPOOL, June 4.

The steamship United Kingdom, which left New York last April for this port, has not yet arrived, and considerable anxiety is felt concerning her. The New York agents have by no means given up hopes of her safety.

Fire.

CHICAGO, June 4.

J. D. Brewster & Co.'s plow factory, at Aurora, Ill., was destroyed by fire last night. Also Burkershed's livery stable. Loss on factory $50,000; insured for $15,000.

Sugar Seized

A Dubuque dispatch says: A quantity of sugar, in the hands of merchants of this city, was seized to-day by a Chicago revenue official. It is a portion of a cargo imported in New Orleans, and distributed by a Chicago commission house through the country.

Inebriate Asylum

BINGHAMTON, June 3.

The annual meeting of the contributors of the New York State Inebriate Asylum was held at the Institution here yesterday. A board of forty trustees, headed by Dr. Willard Parker, was elected. A meeting of trustees was held. The trustees meeting was subsequently held and Dr. Parker chosen President and Hon. Osborn Bird as first Vice President.

Distinguished Visitors.

ANNAPOLIS, Md., June 4.

President Grant, Postmaster General Cresswell, Attorney General Hoar, Secretary of Interior Cox, Assistant Secretary of State Davis, Mrs. Grant, Mr. Cresswell, and other well-known and distinguished persons, about 30 in all, arrived here this morning from Washington.

Come to Terms

OTTAWA, C. W., June 4.

The Newfoundland delegates have come to terms with the Dominion Government as to considerations to be received by Newfoundland on entering the Union. The terms will be submitted to the people of Newfoundland at the general election in all fall.

Drowned

ST. LOUIS, June 4.

Albert Massey, son of Dr. Massey of Louisville, Ky., and a student in one of the colleges here, was drowned yesterday while bathing on the opposite side of the river.

Lottery Men Fined.

BALTIMORE, June 4.

Duzel Gershield was fined $500 and costs to pay a special tax of $100 for dealing in lottery tickets without license.

Hotel Opened

SARATOGA, June 5.

The preparations in this village for the opening of the season are almost completed. The Clarendon Hotel has already opened for business, and all the principal hotels are ready for the reception of guests.

Gold Robbery

SPRINGFIELD, Mass., June 5.

The jewelry store of Wm. Kirkham, Jr., in this city, was robbed of $1,100 worth of diamond rings, about noon to-day, by a couple of thieves who successfully tried the grab game.

Challenge Accepted.

BOSTON, June 4.

A. P. Loring, captain of the Harvard University Boat Club, has sent an acceptance of the challenge of the Cambridge University Club, of England, to row a four oared race this summer.

The Brick Layers.

WASHINGTON, June 4.

The Brick Layers' Union at a meeting last night passed resolutions for an immediate strike of brick layers at the Navy Yard unless two colored workmen there employed be demissed.

Important to Tax Payers

The following general law was passed during the last session of our Legislature:

Section 1. Be it enacted, That from and after the passage of this act it shall be lawful for the board of school directors of any school district in this Commonwealth, by resolution of the board, to authorize the collection of the school tax in the manner hereinafter mentioned provided:

Sec. 2. The Board of School Directors shall place in the hands of the Treasurer a certified duplicate of the school tax, and it shall be his duty to give at least one month's notice of the time and place at which he will attend, at least one day, for the purpose of receiving school tax, and it shall be his duty to receive and receipt for all school tax given him for three months after the date of said notice. Provided, That if any person, on or before the expiration of two months after the date of said notice, shall pay to the Collector the amount of his or her tax such person shall be entitled to a deduction of five per cent. on the amount thereof, and for the remaining month he shall make no abatement on the tax received.

Sec. 3. In case the taxes are not all paid on or before the expiration of three months from the date of said notice, the board of directors shall elect a collector, have the duplicate placed in his hands and issue to him a warrant for the collection of the unpaid tax assessed in them with an addition of five per cent. on the amount thereof in the manner heretofore provided by law. He shall be allowed such compensation as may be agreed upon, not exceeding five per cent. of the money collected; and in addition, in cases of distress and sale of goods, he shall receive the same fees as are now allowed by law to constables for a levy and sale upon a writ of execution, which fees he shall retain out of the proceeds of such sales after deducting the tax and costs.

Sec. 4. All acts or parts of acts relating to school tax that are hereby altered or supplied or hereby repealed so far as they relate to districts in which the board of directors shall avail themselves of the provisions of this act: Provided, That none of the provisions of this act shall apply to the cities of Pittsburgh or Allegheny, or to the counties of Cumberland, York, Franklin, Adams, Sullivan, Columbia, Montour, Northumberland, Chester, Delaware, Montgomery, Berks, Somerset, Bedford, Fulton, Allegheny, Luzerne, Indiana, Cambria and Jefferson. Approved the 21st day of April, 1869.

SPECIAL NOTICES.

Whereas, I have by the judgment of Patent Office in the suit of Rickards vs. Wright, been adjudged the owner of the sugar Patent in the State of Pennsylvania. Now this is to notify all persons that I have not transferred any right to said patent, that is, I have not made any sale of it, and that any person pretending to have purchased any right from me, or any other person, will find it worth their time to call on me at Titusville, Pa., and see the evidence of my ownership. A. A. SIDEN.

Dutcher's Dead Shot for Bed Bugs. Dutcher's Lightning Fly Killer.

Sold by Druggists everywhere.

Public Notice — *To all whom it may Concern.* The undersigned hereby gives notice to manufacturers and others making, selling or using or vending lanterns wrought iron or tinplate, combined with by virtue of letters assignment duly recorded in the United States Patent Office, we own the sole and exclusive right to make and sell such patents for Drilling Jars, one granted to James Eastman in July, 1868, and two to Evan Gutfind in May, 1868, and patent covering Jars made of wrought iron and sheet iron, and applied substantially in the manner represented in said patents, and generally known as safety Jars. Any firm or corporation desired relating to said patents, through the undersigned, will apply to the undersigned.

All persons who shall hereafter manufacture or sell the same without license from the owners of said patents will be prosecuted for infringement according to law, and all who have heretofore infringed, if they do not, can arrange with the undersigned if they so desire.

PETROLEUM MARKETS

OFFICE OF THE MORNING HERALD, TITUSVILLE, June 4, 1869, 6 P. M.

The market was irregular to-day, but on the whole stronger, and prices advanced five cents at points south of Boyd. At Miller and Titusville there was only a moderate demand and prices declined advance. At Pleasantville and Shamburg there was decided improvement, sales having been made at the former place at $4 00 at the wells and at the latter there were buyers at $4 25 which was equivalent to $4 40 at Miller or Titusville. At points south of Boyd the feeling was much unsettled by the effort of the shippers and of the buyers to force prices toward their respective interests. The sales and transactions aggregated 24,000 barrels and included 1,000 for Boston, 2,000 for Cleveland, 1,500 for a local refinery, and the balance for export.

REVISED.

Advices from the wells and the market this evening.

NEW YORK PETROLEUM MARKET

GERMAN BITTERS.

HOOFLAND'S GERMAN BITTERS

AND

Hoofland's German Tonic.

The Great Remedies for all Diseases

OF THE

LIVER, STOMACH OR DIGESTIVE ORGANS.

HOOFLAND'S GERMAN BITTERS

Is composed of the pure juices (or, as they are medically termed, *Extracts*) of Roots, Herbs and Barks, making a preparation, highly concentrated and entirely *free from alcohol or admixture of any kind.*

Hoofland's German Tonic

Is a combination of all the ingredients of the Bitters, with the purest quality of *Santa Cruz Rum, Orange, &c.*, making one of the most pleasant and agreeable remedies ever offered to the public. Those preferring a Medicine free from Alcoholic admixture will use

Hoofland's German Bitters.

Those who have no objection to the combination of the Bitters as stated will use

Hoofland's German Tonic.

They are both equally good, and contain the same medicinal virtues, the choice between them being a mere matter of taste, the tonic being the more palatable.

The stomach, from a variety of causes such as Indigestion, Dyspepsia, Nervous Debility, Depressions, and many other affections, demands a tonic to give it strength. The liver seldom does its duty unless stimulated to action by the stomach, and the result of which is that the patient suffers from several or more of the following diseases:

CONSTIPATION, FLATULENCE, INWARD PILES, FULNESS OF BLOOD TO THE HEAD, ACIDITY OF THE STOMACH, NAUSEA, HEARTBURN, DISGUST FOR FOOD, FULNESS OR WEIGHT IN THE STOMACH, SOUR ERUCTATIONS, SINKING SENSATIONS AT THE PIT OF THE STOMACH, SWIMMING OF THE HEAD, HURRIED OR DIFFICULT BREATHING, FLUTTERING AT THE HEART, CHOKING OR SUFFOCATING SENSATIONS WHEN IN A LYING POSTURE, DIMNESS OF VISION, DOTS OR WEBS BEFORE THE SIGHT, FEVER AND DULL PAIN IN THE HEAD, DEFICIENCY OF PERSPIRATION, YELLOWNESS OF THE SKIN AND EYES, PAIN IN THE SIDE, BACK, CHEST, LIMBS, &c., SUDDEN FLUSHES OF HEAT, BURNING IN THE FLESH, CONSTANT IMAGINGS OF EVIL, AND GREAT DEPRESSION OF SPIRITS.

The first four of the above named diseases are the offspring of Dyspepsia, and no medicine can be expected to cure them, or the miseries they entail, until the Dyspepsia is cured. To the proprietor of these Bitters, who has suffered for many years from the most aggravated form of Dyspepsia, and who, after trying every thing else he could hear of, was at last cured by a few bottles of a preparation which he had no more thought would do him any good than he had that it would raise the dead, it seems almost a duty to make the fact known, that others may be benefited by the means which have proved so beneficial to him. Nothing but a sense of duty could induce him to do this, for he has been so long and so deeply imposed upon by the vile nostrums with which the country is flooded, that he has the most sovereign contempt for all advertisements. He, however, feels that he owes it to his fellow sufferers to make an exception in favor of a preparation which has proved so beneficial to him, and which he knows from his own and family's experience, and that of his friends, to be a most valuable medicine. To those who know the proprietor, or any of his family, he needs no recommendation; but he does feel that those who know him should be informed that he is not the man to lend himself to the support of any humbug, or to do any thing else than what he believes to be a public benefit. He has no interest in the matter, except that which he feels in the welfare of his fellow creatures, and which he would feel in recommending any other valuable medicine he might discover, after investigating its properties, and satisfying himself of its value. The proprietor does not think it necessary to publish the names of those who have given him their testimony in favor of these Bitters, because he does not think it necessary to do so, and because he does not wish to be considered as interfering with the business of those who do not publish testimonials. He will, however, give the names of any of the parties who have given him their testimony in favor of these Bitters, to any person who may call at his residence, or who may write for them, and will also cheerfully answer any letter of inquiry addressed to him on the subject of his own case, or that of his family, when he thinks it will be of any benefit to the person making the inquiry.

WEAK AND DELICATE CHILDREN

Are made strong and healthy by the use of these Bitters. They will cure CHOLERA, CHOLERA MORBUS, and all DISEASES OF SUMMER, without fail.

Thousands of testimonials have been in the hands of the proprietor for years, which, if published, would astonish the world. The proprietor will be pleased to conduct any person to the residence of those who have used the Bitters, and who are well known to the public, and who are willing to testify to the wonderful cures effected by the use of these Bitters, when all else has failed to do any good. Many of these diseases are such that those who know the sufferers have given up all hope of their recovery. Many who have been given over by their friends, and who have been pronounced by their physicians to be in the last stage of Consumption, have been restored to health and vigor

—Our Monthly Oil Report for May will be published on Monday

—The Collins well on the Beatty farm, West Hickory, is pumping sixty barrels

—A farmer of Fairview was lately fined $10 and costs for selling too youthful veal in the Erie market

—Harvey Henderson Esq, of Meadville, writes us to the effect that he is not a candidate for Assembly, and has no intention of being candidate

—This night closes the engagement of Sherry's New York Theatre at Pleasantville. A fine bill is offered, consisting of The Long Strike and the Happy Man

—The annual meeting of the Pennsylvania State Medical Society will be held in the Opera House, Erie, commencing on the first Tuesday, four o'clock in the afternoon

The Pennsylvania Central Road is the first in the field in making a through line from the seaboard to Chicago. The first train left Pittsburgh, Fort Wayne and Chicago Railway, signed by the Directors of both Companies, on the 27th ult. The least is perfected, and is mutually advantageous

—In the Court of Common Pleas of Philadelphia, on the 26th ult, Judge Pierce, in a decision by Judge Allison, sustaining the constitutionality of the new Registry law, which applies to taverns, and saloons, boarding houses. The point is that there can be no more Election in Philadelphia, as the Assessors are prohibited from registering any of the minutes of the assessments. If they are citizens and qualified voters they must come before the Board of Canvassers and establish their rights

THE CHIME OF BELLS IN ST. TITUS CHURCH. We referred on Monday to the consecration of the bells of St. Titus Church. On Wednesday they were raised to the tower of the Church, fifty feet high, and placed in position on Friday. Yesterday our city had the pleasure of listening to their chime, so full of harmony and so all eloquent. They will sound the hours of labor, six, twelve and six, on week days, and chime the hours of religious service of a Sunday, calling sinners to labor and to worship. The bells were cast in Pittsburgh, at the Fulton Works. The tenor weighs 1,250 lbs, the alto 680 and the treble 450, the two last being the new ones for chime and accord the perfect. One of the bells was christened "St. Pius IX" by Mr M B McGrath, his offering being $110, Mr William McGlum won the godfather of the third, the name bestowed being "Patrick Elizabeth," and the aggregate offering of McGlum and others amounting to $900. The bells will be freely used for alarm in cases of fire, and also on days of religious service or Church festivals or observances

DR S P CLEMONS WHO IS HE? A man arrived by the night train from City, on Saturday last, wearing a grey moustache, and linen coat, carrying in his hand something like a ladies reticule. He put up at the Crittenden House, and if he had been Jim Crow Andy Johnson, or Morrisey, he could not have drawn more visitors. And it is a curious fact that every one who comes out of the room of this stranger grins with delight, and almost leaps with joy. In fact this man, in his short career of fifteen years that he has been before the public, has done more to relieve suffering humanity than the Maine Law and the Woman's Rights Society put together. The man we refer to is a Surgeon Chiropedist in plain English, Corn Doctor. Corns are a tender subject, bunyons are enough to make deacons profane, and ingrowing nails are not to be spoken of to ears polite. But business is business, and to the afflicted we would say jump no more, and the nervous the extract on of the most painful planted corns is done without pain by chloroform by Dr Clemons. He will call upon gentlemen or lady patients, or receive them at the Crittenden House at his rooms

GEN WILLIAM R MILES, of Mississippi has written a letter advising the ratification of the Fifteenth Amendment, in good faith, and saying there can be no wrong in giving to the whole country the benefit of a privilege already extended to the South. In conclusion he says "We want a Government, a good Government, the best Government we can get. We want the repose and security and confidence that a Strong Government alone can give. Control the entire population, then, both black and white, unite upon common ground and bring about this desired result."

We are authorized to announce that Mr W W Ross the furniture dealer has no idea of "selling out," nor going to Omaha, though stories to this effect have been circulated. Mr Ross is "selling out" his goods faster than they can be manufactured, and to complete his stock has lately received an invoice of the finest chamber sets ever exhibited in this city, besides writing desks, elegant carpets, and everything pertaining to a first class furniture ware house

The Venango County Political Game and How to Win It

TO PRODUCERS

The Republicans of Venango county have at last one interest to represent at Harrisburg and that is the oil business

Three weeks ago the candidates for the Legislature were Lay, Gates, and Geggie, this triangular fight made the nomination about sure for Gates because Lay and Geggie would divide the force of the oil producers' vote. Geggie stepped this retired, leaving the field to Lay and Gates which would have ensured the nomination to Lay. This did not suit the interests of certain of the Franklin politicians and they proceeded to pull the wool over the eyes of some of the leading producers and arguing that it was necessary for the defeat of Gates they brought forward a new candidate, Mr McJunkin, but generally for the purpose of securing the nomination of Gates by dividing our strength. This is the plot. The situation to-day is this, Gates, Lay and McJunkin will each get a portion of the country vote and divide it. Lay is best known in the oil regions. He is one of the originators of the Petroleum Association, and its second officer, has the confidence of its members and in receiving their support he is the strongest candidate in the field, and we believe it is expected by many producers on this side that he will be supported in the Western District by the friends of Gates. His strength in Oil City, Titusville, Shamburg and Pithole. McJunkin is a lawyer, and has no oil interest with oil producers, and, it is claimed, he has promised to withdraw in favor of Gates if he will help him in Franklin. Gates is out of the question, we think, as he is known that he is a member of the Franklin ring, and is opposed by the oil producers. The situation to-day is this. Unless our oil friends do something to prevent it, Gates will be nominated, and the interests of the oil region will be sacrificed for the benefit of the Franklin politicians. We know that Gates is a good fellow and a good citizen, but we know that he is a member of the Franklin ring, and that he is opposed by the oil producers. We

Titusville Morning Herald.

Be Kind to the Erring

Be kind to the erring, the humble, the meek,
Tho the outward alone would trample the weak
To know not how deeply the past they deplore—
In charity cover their sins evermore.

Be kind to the erring, the lowly, the sad
Misfortune's sad victims, whose chain drineth not
Of heart not thy virtue, but o'n thy heart o'n
Compassion with self-crushed pride evermore

Commune with thyself: think how reckless thou at...
Scattering thy coffers to wither thy heart,
While smiling by thousands on yonder dark shore
Remember, thy soul must exist evermore.

Cherish good for itself, nor measure thy gain,
Lest motives are sordidly selfish and vain;
Be Christ-like bleeding all, and with heart gushing o'n
Rushing on to the ocean of love evermore

Religion is naught, all pretensions are vain,
If souls are still wanting, ah! where is thy gain
Go back and away on some desolate shore,
Thy work on the dead, thou art gone evermore

Thy days flee away as a meteor's gleam
Flashing bright for a moment, they fade as a dream
Yet, dream though it be, yet on far distant shore
Shall in thunders reach o'n the past evermore

As flowers dost thou blossom mere thing of a day
As breath of the flower thou wilt vanish away
But love be thy motto thro' weary life o'er,
Then in sunshine of love will thou bask evermore.

MISCELLANEOUS.

PATENT SAFETY POWDER.

IMPORTANT TO

Engineers and Contractors

We would call attention to the following testimonials:

Gen. J. G. Foster, U. S. A. Nor. My dear sir: I was with the Patent Powder we have used in our operations in blasting Corwin Rock, and am confident we have other powder can I accomplish the work without great loss of time and increase of cost.

Your obedient servant,
GEO. W. TOWNSEND
Submarine Blasting
Boston Oct. 10, 1867

Dear Sir: I enclose to you a communication received from Mr. Geo. W. Townsend, Submarine Blasting, to the merits of The Patent Powder. I agree with Mr. Townsend that for submarine blasting it is the best powder we have as yet tried. I will be pleased to use under similar circumstances.

Very respectfully, your obt. servt.
J. G. FOSTER
Pr. Maj. Gen. U. S. A.

The merits of this Powder are:

1st. Its power far exceeds the best Giant Powder and will therefore save a large percentage in the cost of labor.

2d. Its perfect safety in handling, storing, transportation, as it will only explode when confined with usual tamping, and even then requires a necessary to produce explosion.

3d. Explosion generates no noxious gases, the odor is entirely inoffensive.

4th. Water may be substituted for tamping.

5th. Dampness does not deteriorate.

DARTMOUTH HOUSE, BOSTON.

From W. TATHAM, Esq., Submarine Engineer, to the Lords of the Admiralty, etc.

DARTMOUTH DOCK, Nov. 1867.

Dear Sir: I have tried your powder and find it to be in charge of about 150 lbs. of it upon the Wreck (60½ in deep and shallow water) in this Harbor, and am happy to say it has proved to have been most satisfactory. The Powder is stronger than Gunpowder, it is very safe to recommended for submarine blasting on account of its advantages being that it may be used without danger.

Yours truly,
(Signed) W. TATHAM
Submarine Engineer to the Lords of the Admiralty.

SEARS BROTHERS, No. 27 Chestnut St.
PHILADELPHIA, Feb. 15, 1869.

W. H. JACKSON, Esq., President Oil Creek & Titusville R. R.

Dear Sir: I have used your Patent Safety Explosive Powder introduced to me by you, for the last two months. In solid rock we find it always to be a safe agent. We have used it daily always.

About three weeks since, in the presence of several gentlemen, we exploded 3 ex holes simultaneously, 25 feet deep, using from eight to ten ounces of your compound (in accordance with the explosive) with very satisfactory results. Of the thirty pounds shipped us by you, we have used three, which we should have used one hundred kegs of Blasting Powder. Our Foreman informs me he has saved the compound on account of its safety.

Its deadness to force is such it was a drilling in the hole in five. We think it is what we have been to effects there is a great saving in favor of it.

Yours truly,
O. ROCHE, SULLIVAN & CO.
Contractors of the Baltimore Cent. R. R.

W. H. JACKSON, Esq., President Oil Creek & R. R.
156 State Street, Boston.

Dear Sir: We have given your new Blasting compound a very thorough trial in our excavations on Avenue, between 140th and 141st Streets, and have to endorse what you claim for it, viz., safety and superior strength.

In wet and black horse and wet holes in solid rock for rails and other things, we think a great gain would be made over ordinary powder.

Respectfully yours,
J. P. SULLIVAN
Contractors Central Park, N. W. York.

The undersigned having used the Patent Oil Creek Safety Powder in blasting Oil Wells, can confirm the statements as set forth in the foregoing.

J. HENRY TATHAM
RALPH BARKER
WM. RICKALD
C. F. BOWLEY

AN ORDINANCE

RELATIVE TO STREET SIGNS.

Be it ordained by the Council of the City of Titusville,

That all Stationary or Swinging Signs projecting from places of business over any of the streets or sidewalks in the said city of Titusville, be and the same are hereby declared street obstructions and it is hereby made the duty of the Street Superintendent under the direction of the Street Committee of this Board, to cause the same to be removed.

And it is hereby further ordained, that any person or persons who shall hereafter erect any stationary or swinging sign, in front of and projecting over their places of business, shall be deemed guilty of creating a street obstruction, and shall forfeit and pay to the City Treasurer the sum of $2 upon conviction thereof before the Mayor, by ruling of the Board of said city.

Provided, That any stationary or swinging sign as aforesaid, projecting not to exceed [illegible] from the sidewalk, and at an elevation of [illegible] the same, shall be deemed as not coming within the prohibitions of this ordinance.

Passed in Council, May 18th 1869.
R. E. BURTIS, President of Council.
Attest: G. A. Crane, City Clerk.
Approved May 27, 1869.
HENRY HINKLY, Mayor.
